

HOMES IN STAFFORDSHIRE

FAIRVIEW

Fairview is a four-bedroom detached house with its own garden, in a quiet residential area within easy reach of Cannock town centre. Fairview is registered to accommodate two young people, each with a room of their own.

The dedicated and experienced staff team offers intensive support to young people aged 10-18 who are behaviourally challenging and emotionally vulnerable.

Each young person has their own key worker who meets with them on a regular basis and works closely with the in-house clinician.

A psychological assessment is completed on admission by the clinician who also provides direct therapeutic support to the young people, and works with the staff team to develop, monitor and review behaviour management strategies.

We deliver individual education programmes in our Ofsted-registered school and our dedicated teachers promote educational inclusion and personal achievement, and ensure all statutory requirements are met.

The education programme is delivered by qualified teachers working in partnership with residential care workers, and aims to ensure educational inclusion is a priority and statutory requirements are met.

Young people are encouraged to be pro-active in the running of the home and to be actively involved in making choices and taking part in decision-making processes.
