Welcome everyone to Trinity College's summer term newsletter!

We hope everyone is well and have enjoyed the sun we did have! Students here have been celebrating and finding out about different awareness days and so far they have had a busy fun packed term. The students and staff have also been hard at work transforming more areas of the school which will benefit the students massively going forward, more information and pictures below.

Allotment update – Our school allotment has had a lot of attention in recent weeks and many students are gaining wonderful skills in how to maintain its grounds and having a brilliant time in the good outdoors!

REWARDS

The new rewards system is working fabulously and students are seeing the benefits of their hard work and wonderful behaviour in being able to save up for some very exciting rewards and some students have already received theirs, so a huge well done!

75 Years ago, years of carnage and destruction had come to an end and millions of people took to the streets and pubs to celebrate peace, mourn their loved – ones and to hope for the future.

We celebrated the 75th Anniversary of VE Day here at Trinity College with lots of games (with plenty of healthy competition!) and a party buffet to top it all off with wartime music.

ANNOUNCING TRINITY COLLEGE LIBRARY NOW OPEN!

Staff and students have worked so well in helping create a calming sensory reading environment that students will be able to take full advantage of for years to come.

Thanks to the weather students enjoyed Sports Day this term!

Trinity College students are starting to learn about different awareness days and the first they took part in was Mental Health Awareness week.

Students learnt that Mental Health can affect anyone, at any time but there is also a community of hope and support for all.

Thank you all for the continuous hard work and commitment you have shown for our students. Take care

Rebecca Hill
