## Summer Term 2

Dear Parents and Carers,

I hope you have all had a great start to your summer!

First and foremost, I'd like to thank all of you for the incredible year it has been! From the bottom of our hearts, we want to take this time to say **thank you for your hard work and enthusiasm**. Arise Academy wouldn't be

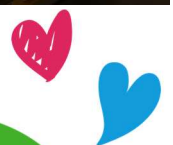

where we are today without the hard-working staff and dedicated parents we have; thank you! We've had a wonderful Summer Term 2 welcoming some new students and celebrating the ones who have spent this past year with us! We're honoured to have the community we have at Arise Academy and are looking forward to another year of success!

From across the board, students have learned important key lessons in different subject areas such as Math, Science, Art, and PHSE. Some topics learned in Math include estimation and approximation and simplifying algebraic expressions. In Science, students were taught the classification of animals, the

solar system, and diffusion of chemicals. Before introducing the subjects learned in Art, I'd like to say a big congratulations to our **newly qualified Art Teacher, Nour Zantah!** She's worked incredibly hard

### Field Trip to the Science Museum

July 2024 |

this past year to make her QTS and truly deserves the recognition! The topics in art she taught include Exploring the Art of Landscape Painting, Experimenting with Mediums Acrylic and Beyond, Introduction to Gustav Klimt: The Master of Patterns and Frida Kahlo: The Art of Symbols and Personal Expression.

Outside of the classroom, students went to the Science Museum where they learned about different science phenomena! Including, how other forces interact with one another, the solar system, and the energy revolution. Please refer to the photos on page 1. Then, students explored the beautiful town of

Brighton! While by the coast, they had the opportunity to spend the rewards money they've collected throughout the term. This gave them something to show for all the hard work they've accomplished in the past couple of months.

I would like to take this opportunity to thank all of those who attended the Art Exhibition last week and take a moment to celebrate the students graduating and leaving Arise Academy. With their sights set on big adventures and different colleges, we are excited to see what the future has in store for them! Thank you for your time at Arise Academy and best of luck on your new adventures!
